

Dinosaurs

Home Learning Challenges

Take a blanket outside and watch the clouds on a cloudy day. See if you can spot any clouds that look like dinosaurs. Do they have spikes or long tails? You could ask a friend or family member to play with you. Who can spot the most?

Can you think of some more words that start with the sound 'd'? Try to write a list of six.

Create your own dinosaur. Draw a picture then write its name underneath. You could ask a grown-up to help you write some adjectives to describe your new dinosaur. Is it scary or friendly? Is it large, long or scaly?

Gather together some modelling dough or some empty boxes and create your own dinosaur. You could use a book or a toy to help you build it. You could paint it when you have finished making it. Ask someone to guess what type of dinosaur it is.

Think of a dinosaur and describe it to a friend or someone in your family. They have to guess which dinosaur you are! Remember to use adjectives to describe the dinosaur. For example, "I am big. I have a long neck and a long tail. I like to eat the leaves in the trees."

If there are 10 dinosaurs in the forest and 4 get lost, how many are left? Use your fingers to help you.

You could use an information book to help you find out what they look like.
